

Founded in 2005

The Pennsylvania No-Till Alliance is a producer led organization governed by an 11 member board of directors, dedicated to the promotion and adoption of no-till production in all areas crop production.

Mission statement: To promote the successful application of no-till through shared ideas, experiences, education and new technology.

Goals & Objectives:

- Bring together individuals with common goals
- Develop a network for communication between no-tillers
- Increase public awareness of the benefits of no-till crop production
- Share no-till ideas, equipment innovations and field-proven technology
- Identify and promote needed research for no-till systems
- Assist researchers with on-farm research and no-till production demonstrations
- Serve as a collective voice for issues affecting agricultural and no-till systems
- Promote no-till crop production systems
